Chapter 1 by Andrew Hartmann

I'm not sure how, but me and a couple of my rebel buddies were being tracked down by the famous bounty hunter Boba Fett. It all happened after Princess Leia ordered me squad to extract Han Solo from Jaba's Palace on the desert planet Tatooine. The mission seemed easy, slip in, shoot up some gamblers grab the package and get then get out of there.

Ha, we didn't even make it to the palace. We were probably a little more than a mile away when we heard the slight buzzing of a spacecraft in the distance. My best friend, Dingo, or at least that's what we call him, spotted the Slave 1 first. After that, we knew we were dead.

Chapter 2 by Brock Thompson

The Slave 1 almost looked alive as it advanced upon us, lasers blasting.

We tried to return the fire, but we were no match for the ship, finally, we simply decided to run like hell for the nearest shelter.

Syren, our heavy gunner was hit by a laser and killed instantly.

Slave 1 whipped around and started another attack run. Dingo aimed the launcher at the Slave 1 trying to lock on to it.

The bounty hunter must have seen what Dingo was up to because he focused all his fire on him. The beams ripped through Dingo's body like a knife through butter. Dingo drops the rocket launcher and falls to his knees, then proceeds to the ground.

"NOOOO!" I scream then look at the launcher, then the Slave 1. I run and slide to pick up the launcher and quickly scan the sky for the ship. I find it and begin to lock on. Before it could even get a lock on him, I pulled the trigger. The missile tore through the sky at an incredible speed and hits the bottom of the Slave 1. The explosion does a lot of damage to the ship but doesn't bring it down.

The famous bounty hunter realized he might not win the fight and started returning to Jaba's Palace. I rush over to Dingo, lying on the ground gurgling blood. "Dingo!" I get down and start looking at all the holes in his torso. "I'm sorry Dingo, this is my fault. I was the one that-" But before I could finish, Dingo's eyes closed. That damned bounty hunter was going to pay for this.

Chapter 4 by intellikat

Hi. Kathleen Kennedy here.

CEASE AND DESIST.

"Dingo" is simply a name we would never allow in production within he Star Wars franchise universe.
